550,000 BERLIN LABORERS OUT; REPORT SAYS KRUPP MUNITION WORKERS QUIT

ZURICH, Jan. 30.—Latest reports today say that 550,000 are striking in Berlin with 50,000 more to go out before night. Official Berlin dispatches declared the socialists "still adhered to the strike."

On good authority it is reported that some workmen in the Krupp works are striking. The entire war industry is at a standstill.

The great Vulcan ship yards are idle. Munition plants at Kiel and the naval yards there are affected. Miners are quitting in great numbers.

RUSSIAN SOVIET CONGRESS WILL REJECT PEACE PROPOSALS

Trotsky Frankly Declares No Hope For Non-Annexationist Settlement

BY JOSEPH SHAPLEN
(United Press Staff Correspondent)
PETROGRAD, Jan. 29 (delayed).—Russia's pan-soviet congress, the voice of the people, will reject Germany's peace, as offered at Brest Litovsk, according to every indication today.

There is a distinct division of opinion among the soviet delegates but the majority, including the extremists, or social revolutionaries of the left, favor such a course, to be followed up by "use of the power of the revolution against German imperialism."

Speaking in the soviet assembly Monday night, Foreign Minister Trotsky frankly declared he had abandoned all hope of a just peace agreement.

"There is no hope now of a non-annexationist peace," he declared. "Only a compromise is possible. I cannot promise we will not conclude a separate peace."

"We will declare at Brest Litovsk that the world considers the German terms murderous."

"We hope western Europe will not blame Russia if she is forced into a separate peace."

Assails Peace Terms

Following Trotsky's pessimistic speech, the congress adopted resolutions assailing the German peace terms and approving the course of the Bolshevik delegates at Brest Litovsk. This delegation was given a free hand in any future negotiations.

It was announced today that Trotsky would leave tonight (Tuesday) for Brest Litovsk to continue the discussions with Teuton delegates.

Members of the Russian committee at Brest Litovsk announced today they had formally asked permission of Austro-Hungarian Foreign Minister Czernin to visit Vienna and confer with Austrian workers but said no reply had yet been received to their request.

The pan-soviet congress was informed by telegraph that the Ukrainian ministry had been forced to resign by pressure of public opinion there due to the ministry's efforts to achieve a separate peace with Germany.

Bolshevik supporters and members of the social revolutionaries of the Left were reported to be forming a minority.

The Ukrainian rada's delegates have been recalled from Brest Litovsk.

The workmen and soldiers' commissaries announced today the confiscation of \$1,200,000,000 of Rumanian state funds in the banks at Moscow.

BOLSHEVIKI CAPTURE TWO STRONGHOLDS

COPENHAGEN, Jan. 30.—Capture of Viborg and Helsingfors by the bolshevik red guard from the Finnish counter-revolutionists was announced in a Haparanda dispatch received here today.

100,000 REPORTED STRIKING TODAY

BERNE, Jan. 30.—One hundred thousand workmen were striking in Berlin today, according to copies of the Frankfurter Zeitung, which arrived here today.

The newspaper declared there were no processions, no demonstrations and the city was orderly and quiet.

HIGH LIGHTS IN NEWS COMING TO AMERICA TODAY FROM EUROPE

Encouraging Reports Mingle With Tense Situations Caused By Intrigue

Reports from Berlin, seemingly genuine in their origin, indicate that thousands of men are striking, severely crippling the war industries of Germany.

A great fleet of vessels interned by the United States at the beginning of the war has already been put into service and is rapidly transporting troops and supplies to Europe.

Terrorists in Helsingfors have threatened to hold Ambassador Francis, American Minister to Russia, responsible for the safety of Alexander Berkman and Emma Goldman, convicted in the United States on a charge of aiding in draft evasion.

'WAR CABINET' OPPONENTS TO WAGE FIGHT ON MEASURE

Bitter Attack Expected When Chamberlain Brings Matter to Committee

WASHINGTON, Jan. 30.—Under the spur of appeal for unity and the spirited war statement of Secretary Baker, opponents of the Chamberlain "war cabinet" bill, are now aroused to a vigorous determination to kill the measure.

The first assault will be made when Senator Chamberlain brings up the bill for consideration in committee—probably today or tomorrow.

Some senators had declared it was originally voted on favorably there when many members were absent.

In the meantime it is likely the administration will try to put a silencer on any effort to start an uproar in the House, similar to that which broke out in the Senate. Representative Glass, originally slated to take up Baker's cause in the lower branch, believes now he won't speak. He can't anyhow, he says, without comment on Chamberlain's remarks and the House rules forbid criticism of the solons in the other wing.

To Restore Confidence

Every effort is now being made by the administration to restore confidence and harmony with belligerent factions in Congress. It appeared likely today that the big storm has blown over—at least for the present—and that the serious work of organization ahead will temporarily still further uprise.

Chamberlain today was ready to report amendments to the draft law proposed by the War Department, to register all men who have become 21 years of age since June 5 and permitting special drafts of skilled workmen needed to supplement the fighting forces.

In view of the conflict between Secretary Baker and Provost Marshal General Crowder over the dropping from the lists of men who have passed the age of 31 since June 5, Chamberlain expects Baker to ask for an amendment specifically providing that such men shall no longer be eligible.

Crowder agrees with the committee that the amendment to the law, as drawn, does not now exempt those men. Baker declared it was his intention to have them exempted. Crowder is opposed to this.

LICENSING OIL WELLS NEXT CONTROL STEP

WASHINGTON, Jan. 30.—Licensing of oil wells is to be the next step in fuel control. Oil Director Requa has been working on a special plan for Government control of the oil output for several weeks. Fuel Administrator Garfield conferred with President Wilson Monday presumably in regard to a proclamation authorizing this step.

British demand for oil and the inability to move tank cars to the seaboard have speeded preparations for complete control of the oil output.

INEFFICIENCY IN SHIPBUILDING PLANTS WILL BE PROBED

Trail of Hundreds Thousands of Dollars to Be Followed By Quiz Committee

WASHINGTON, Jan. 30.—Alleged inefficiency and extravagance at the Hog Island shipyard of the American International Corporation with the government footing the bills—has stirred the Senate shipping probes to resumption of their inquiry.

The trail of hundreds of thousands of dollars—expenditures at the yard in excess of estimates—will be followed when the committee resumes its work tomorrow.

Joseph P. Cotton, general counsel for the Emergency Fleet Corporation when General Goethals was in charge, has been summoned to furnish the committee with all details of the corporation's contracts. Senator Johnson, California, wants to know to what extent Frank A. Vanderlip of the National City Bank, New York, the W. A. Harriman interests and the steel interests were involved in the formation of the American International Corporation which was organized, the committee has been told, to take contracts when the mammoth ship program was decided upon.

To Make Six Million

The contract with the International company was let on the agency basis under which the government was to build the yard at an estimated cost of \$21,000,000, furnish all material and pay all labor charges. The company was to get a commission estimated at about \$6,000,000 for building seventy ships in these yards, for furnishing the knowledge and the executive organization.

Reports from Manager Piez, of the Fleet corporation, submitted at the committee's request and made public today, showed that the cost of completing the work begun would be 100 per cent over the estimate.

A report by H. H. Rousseau, manager of the shipyard division of the Fleet corporation, said that radical retrenchment was necessary, should be effected at once, or that the Fleet corporation should be given direct control over the way in which money was being spent.

An investigation by the House Merchant Marine Committee into conditions at the Hog Island plant was postponed thirty days when Chairman Hurley of the shipping board promised immediate amelioration of the conditions.

Two more "government yard" contracts on the agency basis also will be investigated—one let to the Merchant Ship Building Corporation at Bristol, Pa., for \$10,000,000 and the other to the Submarine Boat Corporation at Newark, N. J., for \$11,000,000.

"A survey of conditions at these places," says the Piez report, "but accentuates the impression gained at Hog Island that the progress made at that yard has been very far from satisfactory."

FINNS ASK SWEDISH AID IN REVOLUTION

STOCKHOLM, Jan. 30.—The Finnish legation announced today that a delegation was en route from Helsingfors to ask Sweden's assistance against the revolutionists.

It was pointed out here that such assistance could only be of a military nature.

Helsingfors dispatches received here today said that the government guards of Finland had disarmed five thousand Russian soldiers and were marching against the red guard forces.

BRYAN WORKING FOR PASSAGE OF DRY LAW

ANNAPOLIS, Md., Jan. 30.—William Jennings Bryan made a vigorous plea for the National Prohibition amendment yesterday before the temperance committee of the legislature. There is a sharp, close fight on the amendment in the Maryland assembly, and in connection with it the Anti-Saloon League is endeavoring to put through a measure for immediate state wide prohibition.

ANARCHISTS IN HELSINGFORS INVOLVE U. S. MINISTER

Trial of Berkman and Emma Goldman Attracting World Wide Interest

BY JOSEPH SHAPLEN
(United Press Staff Correspondent)

PETROGRAD, Jan. 29 (delayed).—An ultimatum declaring the American ambassador "would be held personally responsible for the life and liberty of Alexander Berkman" was forwarded to David R. Francis by the anarchist group of sailors and workmen at Helsingfors today.

The Russian terrorists have been deeply interested in the trial in the United States of Berkman and Emma Goldman, the two American "red" leaders, for conspiracy to defeat the conscription law.

Coincidentally with news of this action from Helsingfors came word of bolshevik successes in putting down the revolution in Finland.

The Petrograd agency quoted Trotsky as writing the Finnish Senate stating he favored withdrawal of Russian troops from Finland. Trotsky asserted that counter revolutionists in Finland had attacked the bolshevik red guards, forcing the latter to defend themselves.

David R. Francis, ambassador to Russia, is a former governor of Missouri, a former secretary of the interior under President Cleveland, and president of the St. Louis centennial exposition of 1904. He is one of the best known Missourians and was appointed American envoy to Petrograd March 6, 1916. Francis is 68 years old.

Alexander Berkman for years has been a leading exponent in the United States of anarchy and "direct action" methods. He has been almost constantly in trouble with federal, state and municipal authorities for his bold espousal of those beliefs. At the present time Berkman faces a prison sentence for conspiracy to defeat the selective service draft law. His appeal to the supreme court of the United States was rejected.

Berkman and Emma Goldman, the latter known as the "queen of the reds," published "Mother Earth" and other anarchistic publications. They have frequently been charged with participation in bomb plots, and Berkman a number of years ago was convicted of an attempt on the life of Henry C. Frick.

Distinction should be sharply made between the anarchists and the bolsheviks. Helsingfors is in Finland about 250 miles distant from Petrograd. Copenhagen dispatches today reported the city captured by the bolsheviks from the Finnish counter-revolutionaries.

INTERNATIONAL COMPLICATIONS MAY FOLLOW

WASHINGTON, Jan. 30.—A dangerous international situation has developed in the threat of Russian anarchists to hold United States Ambassador Francis in Petrograd responsible for the life and freedom of Alexander Berkman, under jail sentence here for violation of the draft law.

While threats against Francis, in the event of Berkman's imprisonment, were officially confirmed in dispatches to the State Department nearly two weeks ago, the information was kept secret while the Government wrestled with the problem.

The question of placing expediency temporarily above the law was considered—and rejected. Today mandates from the United States supreme court are en route to Berkman and Emma Goldman, calling for their immediate arrest. The Government cannot stay the progress of the law, it was stated officially. Meantime, however, every effort is being made to appease the anarchistic element of sailors and workmen in Russia who are demanding Berkman's release by threats against Francis.

News of the Russian action in the interest of Thomas J. Mooney, convicted labor leader in San Francisco, over whose sentence the Russian anarchists first vented their wrath against the United States, has been cabled to Russia and all energy is centered on giving it wide circulation, it was stated officially today.

Thus far, the negotiations have been going on for the most part, it is understood, by direct appeal to the Russian

BRITISH TRANSPORT SUNK; 610 LIVES ON VESSEL SAID LOST

Rescuing Destroyer With Survivors Aboard Also Victim of Torpedo

LONDON, Jan. 30.—The British transport Aragon was torpedoed and sunk in the eastern Mediterranean on December 30, with a loss of 610 lives, the admiralty announced today. A destroyer rescuing survivors also was submerged.

Sinking of the Osmanieh, a mercantile auxiliary, was also announced as having occurred on December 31.

The transport Aragon was a vessel of 9,588 tons, property of the Royal Mail Steam Packet Company and registered at Belfast.

The Osmanieh was a steamer of 4,041 tons, the property of the Khedivial Mail Steamship Company, and was registered at London.

people through publication of this country's sympathies with the revolution. Further steps are now contemplated but the serious embarrassment arises that thus far there is no recognized government in Russia with which this country has dealt officially.

FLOODS, STORMS COST MILLIONS LOSS IN EAST

Lives Lost As Swollen Rivers Sweep Away Wharves, Damaging Vessels

CINCINNATI, O., Jan. 30.—The breaking of the ice gorge has inflicted over a million-dollar damage on river shipping in the Tennessee and Ohio rivers and two lives have been lost, according to reports today. Steamers, towboats, tugs and small craft were torn from their moorings and swept down stream with their crews aboard. There is no danger from flood now, it is stated.

CINCINNATI, Jan. 30.—Millions of dollars loss in property damage has been caused by floods in Ohio, Kentucky, Tennessee and West Virginia in the past forty-eight hours as a result of huge ice gorges which dammed streams, then broke.

Several lives have been lost. Logan, Va., dispatches today said that Mrs. A. P. Bais and Wm. Clark were drowned late yesterday.

Under the force of the flood, pouring down from the swollen West Virginia tributaries the ice-locked Ohio river is breaking in all the towns above here and heavy damage is threatened. At 4:30 a. m. today the ice gorge broke at New Richmond, Ohio, twenty miles from here. A ferry boat was torn loose but was not carried away because of the ice around it. The water rose ten feet. It is feared the water will reach many homes.

Wharf Boats Lost

At Ripley, Ohio, thirty miles from New Richmond, the water rose 12 feet, carrying away the wharf boat loaded with freight. The first wave had passed Manchester and Higginsport, Ohio, and Marysville, Ky., sweeping away the wharf boat at each place.

The points affected by the flood extend from Pittsburg down the Ohio river to Gallipolis, Ironton and Portsmouth, Ohio; thence to Paducah, Ky., and as far down as Cairo, Ill., at the junction of the Ohio and the Mississippi. Dayton, Ohio, the scene of Ohio's worst flood a few years ago, is not in danger.

Last reports were that Morgantown, W. Va., was flooded when an ice gorge broke in the Monongahela river yesterday. The town is still cut off from communication.

Towns Threatened

The Tennessee, Cumberland, Ohio, Kanawha, Monongahela and the Big Sandy rivers are raging and towns along their route are threatened. Bridges and railroad tracks have been washed out, towns and small villages isolated and in some cases even submerged. The outskirts of Nashville, Tenn., are under water.

SHIPS U. S. INTERNED ALREADY IN USE

Teuton Vessels Placed In Service Ten Months Sooner Than Thought Possible

PARIS, Jan. 30.—The great steamer Leviathan, formerly the Vaterland, has arrived in a European port carrying thousands of American soldiers. The trip was uneventful and no submarines were sighted.

The American transports Covington, Cincinnati, President Lincoln, President Grant, Powhatan and Madewski, all of which were seized by the United States at the outbreak of the war, and the former North German Lloyd steamships Mount Vernon, Agamemnon, Astolus, Mercury, Pocahontas, Huron and Antigone, have all arrived, carrying thousands of American troops and thousands of tons of supplies.

Every one of these transports arrived at its European port ten months earlier than their German crews thought possible when they smashed the machinery at the outbreak of the war. The steamships Baron von Steuben and Baron Du Kalb are also engaged in the American service, giving the United States a half a million tons of shipping formerly owned by the enemy.

15 ENEMY PLANES IN TWENTY-FOUR HOURS

LONDON, Jan. 30.—Three persons are known to be dead and ten were injured during last night's air raid, Lord French announced today. The report said it was feared six other bodies might be buried in the wreckage. It was the third air raid in the past three days.

LONDON, Jan. 30.—German airmen making their third raid over British soil in 24 hours late last night, failed to penetrate London's defenses, Lord French, commander in chief of home defense, announced today.

He said some bombs were dropped in the southwest and northeast outskirts of the city, with but slight damage.

The statement reported some casualties in the southwest outskirts of the city.

Lord French said about fifteen enemy machines participated in the raid. Numerous British planes attacked the visitors.

RUSSIAN TERRORISTS PASS DEATH SENTENCE ON BOLSHEVIKI HEADS

ROME, Jan. 30.—The Russian terrorist committee at Zurich has passed the sentence of death on Nikolai Lenin, Foreign Minister Trotsky, Minister Babalonoff and twenty other bolsheviks, according to dispatches received here today. The committee is composed of workmen.

GERMANY VIOLATING PLEDGES TO RUSSIA

WASHINGTON, Jan. 30.—German war chiefs, worried at the effect of Russian propaganda on Teuton soldiers along the eastern front are transferring large numbers to other sectors.

The army general staff, making this announcement declared the Germans are violating their pledges to the Russians not to send eastern forces to the west during peace negotiations. The means used for the transfer, a camouflage to the Russians, is to have troops sent home on furlough, then transfer them to recruiting stations and eventually service in the west.

INVEST CURRENT WAR SAVINGS ADVICE TO PUBLIC

City Chairmen Thrift Stamp
Committees of County Hear
Profitable Address

"We want to teach our people to save from their incomes at this time," said Mrs. Eleanor Germino, of Los Angeles, who was here last night and addressed a large meeting of city chairmen of war savings committees of the county.

Mrs. Germino is at the head of the publicity department of the Los Angeles Trust and Savings Bank, and is assisting in the publicity department of the thrift stamp campaign. All the larger cities of the county were represented and many of the smaller communities, a number of women being present.

Mrs. Germino is an enthusiast, and believes that the war savings plan is one of the best ever inaugurated by the Government.

"The liberty loans did not inspire the workers as has the thrift stamp campaign," said Mrs. Germino, in a brief address to the city chairmen. "The public is also fully appreciative of the fact that the plan offers an excellent opportunity to the people of small capital to assist the Government in its war financing and at the same time make an investment that is sound and safe. It will also cultivate the habit of saving. The stamps and certificates give the man of small means a chance to do his bit."

"Southern California's allotment of the \$2,000,000,000 issue is \$25,000,000, which means that we must make 100,000,000 25-cent stamp sales during the year 1918."

"The campaign is going to cultivate the saving habit in our people. We never have appreciated the small savings. We have been a people of spenders. The war is going to change our habits in this respect. I know of

men in Los Angeles who have given up cigars, men who are walking instead of riding on street cars, and still others who are riding on street cars instead of using their machines—men who are doing this that they might devote their savings to the purchase of war thrift certificates or stamps.

Invest Current Savings
"It would not do for our people to withdraw their savings from banks and invest them in these securities. It would interfere with general business conditions—it would be a serious disturbance to business affairs. We want to advocate current war savings. We may have to curtail in our extravagant dressing. In England today a person who dresses extravagantly is considered unpatriotic, and people appearing in public with extravagant raiment have been mobbed."

"We of the United States are going to feel the effect of the war sooner or later. We haven't commenced as yet to feel or suffer the privations people of the warring nations are experiencing. It is coming though, if the war continues for any great period."

"We should make every sacrifice and stand behind our boys. What we can give is little in comparison to what the boys are giving. They are offering their lives as a sacrifice to the cause of a world democracy. We are asked to give up a few of our pleasures and loan our money to the Government to provide the boys with the very best equipment. In buying stamps or certificates, the purchaser is not giving his money—he is loaning it to the Government and in return will receive 4 per cent interest, compounded quarterly, a high class investment."

"Our boys have suffered in cantonments and in France—it has been our fault. The Government made its plans for providing for the men, but our people refused to deny themselves and demanded their full need of the manufactured products of the country, cutting the Government short on what it needed to meet the immense needs of the soldiers. The time is coming when those who buy extravagantly will be classed as slackers."

"We of Southern California have not yet awakened to the fact that this nation is at war, and we need a dash of cold water in the face to wake us up."

Sound Asleep, Says Lauder
"Harry Lauder told me in Los Angeles last week that our people here are sound asleep. Scotland, with a population of 5,000,000, has given 300,000 of her boys in this war. Are we ready to give the same proportion of our boys? We don't want to. It is up to us to get busy. We must sacrifice, and then sacrifice some more. We must get back of the boys and Government with our money. He who won't sacrifice is not worthy of being called an American. We need positive and not negative patriotism. We must get back of the boys with good guns, good blankets and plenty of good food."

Mrs. Germino advised the chairmen on methods of conducting their campaigns. Her enthusiasm penetrated the workers and aroused a spirit that will spell success in their efforts to put Orange county over the top. She was accompanied here by William E. Benton, of the distribution department, of thrift stamp headquarters in Los Angeles.

Chairmen Report
At the conclusion of her address, various chairmen reported the activities in their respective communities.

Postmaster Robinson presented a method of operation adopted at Anaheim that met with the hearty approval of all, and which in all probability will be adopted in many of the communities. It is the organization of \$1000, \$500, \$250, \$100, \$50 and \$10-stamp clubs. A campaign will be made to secure obligations for the purchase of these different amounts during the year. The pledges will be turned into the postoffice, the pledges indicating the wishes of the subscriber to what proportion of the amount he wishes to pay at certain times. On the days designated mail carriers will deliver the stamps and collect for them.

F. C. Thompson, postmaster at Garden Grove, and in charge of sales promotion there, said that Garden Grove had already invested \$1800 in stamps. It is a remarkable showing for the community and shows that effective work has been done there. Garden Grove has given fifty-two boys to the army, and Thompson said that he had suggested to parents of these men that the \$10 or \$15 per month sent to them every month by their boys be invested in war stamps against the time when the boys return home. "And everyone of them expects to return," said Thompson. Mrs. Germino declared the suggestion to be a capital one, and said that she would advise headquarters in Washington of the suggestion, that they might pass it on to every community in the United States.

The Anaheim Way
J. E. Ahlborn, postmaster at Anaheim, said that splendid success had met the efforts of the Anaheim committee in promoting the sale of stamps, and that over \$1200 worth had been sold at the postoffice between Saturday morning and Monday evening. He believed that with the organization of the clubs, Anaheim would go over the top quickly. He also told of the enthusiasm of his mail carriers, stating that one carrier yesterday afternoon sold \$150 worth of stamps in work done after he had completed his route. Some of the carriers carry cards in their outside coat pockets, upon which is printed, "Do your two bits today." The printing is displayed so that it can be seen by anyone passing the carrier.

F. L. Andrews of Santa Ana stated that the schools had pushed stamp purchases to an average of \$200 per day.

Elmer Jahraus of Laguna reported progress at that place.

Representatives of various other sections made reports of progress.

The Los Angeles visitors and committee chairmen from Orange, Santa Ana, Anaheim and Fullerton, were guests of County Chairman J. A. McFadden at dinner at the Dragon prior to the meeting.

Material Donated By Local Merchants Worked Over For Shipping Purposes

Eight shipping boxes were presented to the Red Cross yesterday free of charge. The boxes were given by the boys of the grammar school manual training classes. They were made from lumber taken from boxes donated by Santa Ana merchants, and worked over by the boys under the direction of A. M. Davis, manual training instructor.

In the past these shipping boxes have cost the Red Cross a considerable sum of money. Learning this fact Mr. Davis decided that it would be possible for his classes to perform a good work by making shipping cases for the Red Cross. Last Saturday a number of dry goods crates were secured and the boys have been working them over this week.

Davis says the boys can make enough boxes to supply the Red Cross with shipping cases, if the boxes can be secured from the merchants. No charge was made for the first lot prepared, and the boys hope to be able to get more the same way. The boxes must be at least two feet square and be of at least 3/4-inch lumber. Anyone having boxes that can be used can help the cause by telephoning to the Red Cross headquarters.

Be Received Tomorrow
Morning If Possible

HUNTINGTON BEACH, Jan. 30.—The C. A. Johnson store building on South Main street has been secured for the poultry show and entries will be received tomorrow morning. It is requested that all entries be made during the forenoon if possible. One hundred coops have been secured from Santa Ana and more will be furnished if needed.

At the regular meeting of the Chamber of Commerce Friday evening, R. L. Obarr and E. E. Franch were elected the official representatives to the County Associated Chambers of Commerce for the ensuing year. The Chamber held a very spirited session and much routine work was disposed of. Several complaints were read, among which was one relative to insurance about Huntington Beach. It appears that the Board of Fire Underwriters has turned down a survey and quoted rates as alleged, which is working a handicap on the party refused. A committee was appointed to investigate and see what could be done to adjust the matter.

About the Mails
Another complaint was relative to the mails leaving this place for Los Angeles in the morning. It was contended that there should be an earlier mail for Los Angeles than at 11 a. m. as the evening mail leaves Los Angeles at 2:15 p. m. for Huntington Beach and that did not give sufficient time

SANTA ANAN INJURED ON PLACENTIA RANCH

FULLERTON, Jan. 30.—A serious accident occurred on the oil ranch of Thomas Strain, located two and one-half miles northwest of Placentia. J. C. Courtney of Santa Ana, who is employed by Mr. Strain as foreman of the oil work, was oiling a gas engine when his shirt sleeve caught in the fly wheel. He was whirled around and hurled to the floor, striking on his arm. His arm was broken in two places and his lips badly cut. He was severely bruised and received many minor cuts about the body.

BOY INSTANTLY KILLED WHILE PLAYING AT ORANGE

Plank Falls From Roof of Pre-cooling Plant and Strikes Lad on Head

ORANGE, Jan. 30.—Struck by a falling plank and pulley which toppled from the roof of the new pre-cooling plant of the Santiago Orange Growers' Association Monday evening, Jesse Woodward, 10 years old, son of Mr. and Mrs. Emory Woodward, of 455 North Cypress street, was almost instantly killed. His neck was broken by the shock.

The lad, with his sister, a younger brother and two neighbor children, were playing about 6 o'clock near the north side of the building, which is about a block from their home. The girl was swinging on a rope which hung to the ground from the roof, fifty feet above. It was attached to a pulley and a heavy plank on the roof. Jesse was watching her, several feet away.

The plank was dislodged by the weight on the lower end of the rope and came crashing down with the pulley. The girl saw it coming and ran, crying a warning to the boy. He realized the danger too late. His younger brother who stood a short distance away said that he looked upward just as the mass hurtled into his face and crushed him to earth. He groaned twice, then was still.

Two workmen at the plant bore the body home. A physician was summoned and after examining the body stated that death had been caused by the neck fracture and had probably been almost instant.

GOVERNOR BACK OF SMILEAGE PROGRAM

This week is "Smileage Book" week in California and 50,000 Smileage Books will be sold to patriotic citizens of the state to send to Liberty Boys in the cantonments. Governor Stephens at Sacramento was the purchaser of the first five dollar Smileage Book to send to his son, who is in the training camp, preparing to go "Over There."

Governor Stephens wired the following proclamation to all cities in Southern and Northern California to make Smileage Book week a positive success, so that no California Liberty Boy will be overlooked.

by the Secretary of War to provide entertainment for the men of the American army now gathered together in the various mobilization camps, has adopted a scheme of raising money for such entertainment by the sale of books of tickets of admission to the various theatrical and other performances to be held under the direction of this committee. These books have been called "Smileage Books" and are to be had in two sizes, one of twenty coupons for \$1.00, the other of one hundred coupons for \$5.00. The Military Entertainment Council desires the general public to purchase these books and to send them to their soldier friends in the Army at the mobilization camps. The committee intends to carry on a campaign during the week beginning Jan. 28th for the sale of "Smileage Books."

"I feel that the entertainment of the men of the Army is a matter of great importance to all of us. We cannot expect to win the war unless our troops go to France with a morale more vigorous and aggressive than that of the enemy. To obtain that morale they need, in addition to the hard grind of military training, entertainment of a wholesome and interesting sort. The people of the state of California can assure such entertainment in the mobilization camps by the purchase of 'Smileage Books.' I do therefore heartily approve and endorse the campaign for the sale of these books, and trust that in the week beginning Jan. 28th that all persons will render to the committee their sincere aid and assistance in carrying out the campaign."

HUBERT CABLES ARRIVAL IN FRANCE

Former Orange Man to Organize Auditing Dept. For Y. M. C. A. Activities

Mrs. C. G. Hubert has received a cablegram announcing the arrival of her son, Adelbert C. Hubert, of New York, formerly of Orange, in France, where he has gone to organize and conduct the auditing department for all of the Y. M. C. A. activities in that country.

He spent a week in Santa Ana at Christmas time, having come from New York to visit his mother and sisters at the E. W. Hardy home, before sailing.

Returning East, he left San Francisco 20 minutes after the Government took over the railroad and being the only person on that train going to the Atlantic coast, he believes himself to be the first transcontinental government-controlled passenger.

LUMBER COMPANY MANAGER GOOD BOOSTER FOR COUNTY

Officials of E. K. Wood Lumber Co. Here Yesterday On Inspection Tour

"Orange county is the richest section in the whole of California and I am always delighted at an opportunity to get down here and admire the beauties of this section."

This was the declaration yesterday of U. G. Richards, of San Francisco, who holds the responsible position of general manager of the big lumber industries controlled by the E. K. Wood Lumber Company. He was accompanied by Will Wood, manager of the saw mill at Dillingham, Wash.; Mr. Thayer, vice president of the company, and John Kellogg, manager of the saw mill at Hoquiam, Wash. It is the policy of the manager to visit the various cities in which his company is represented once a year, and his visit here yesterday was one of his annual trips. He is very much pleased at the business developed here by the company. W. V. Whitson is the local manager.

The visitors had luncheon at James' yesterday with Mr. Whitson, A. C. Bowers, of the Griffith Lumber Company; C. H. Chapman, of the Chapman Lumber Company, and Raymond Gray, manager of the E. K. Wood lumber yard at Huntington Beach.

FROM FOURTEEN TWO SOLDIERS ARE SECURED

One of the Two Who Passed This Morning Disagrees With Doctors

Out of fourteen men examined physically by doctors at the exemption board headquarters this morning but two were found physically fit for soldiers of the first class. Three were rejected as unfit for military service, and the others are accepted for special or limited service. It is believed that men in the limited service class will be called in accordance with their occupations and capabilities along certain lines.

Of the two men who passed the tests this morning and were found fit for full military service, one disagrees with the doctors. Neal J. Smith gave notice that he is going to appeal from the judgment of the local doctors, and he will be examined by the appeal medical advisory board in Los Angeles.

The result of this morning's physical examinations is grouped as follows:

Accepted for full military service—Luther G. Rouse, Los Angeles; Neal J. Smith, Santa Ana.

Accepted for limited military service—Frank H. Kellerman, Los Angeles; Earl G. Hutchinson, Orange; Frank Sondericker, Orange; John Sturrock, Azusa; Spencer S. Collins, Santa Ana; Wesley A. Stewart, Santa Ana; Murray A. Canterbury, Santa Ana; Fred L. Youngs, Santa Ana; Coleman A. Hargett, Santa Ana.

Rejected—Arnold P. Nickleis, Los Angeles; Charles C. Warren, Santa Ana; Arthur E. Walker, Orange.

Classifications announced today are: Class 1—T. D. Daniels, 202 Hathaway; Frank Harvatt, Jerome, Ariz.

Decisions Received

This morning the local board received official reports from the appeal board upon nineteen cases that were taken to the appeal board from the local board, most of them upon agricultural claims. With the exception of four or five cases, at the hearing on January 21, Dr. Ball of the appeal board had announced what the decision would be. Of four cases taken under advisement, one, Henry Pohndorf, was refused deferred classification, while Earl Harvey, Cayetano Castillo and Henry Young got deferred classifications.

The official classification from the appeal board is as follows:

Henry G. H. Pohndorf, R. D. 1, Class 1.

John A. Finch, Orange, class 2.

Neile T. Nielson, R. D. 1, Class 1.

Emile Buchheim, San Juan Capistrano, Class 1.

Henry O. Luchau, Orange, R. D. 2, Class 1.

BRIDGE BONDS—YES!

While this is no time for indiscriminate or extravagant voting of bonds, the Register is thoroughly convinced that the bonds proposed by the City Trustees for bridges ought to be voted.

The Hannah street bridge is an absolute necessity. It would be nothing less than a conspicuous example of extravagant negligence, of trifling no-accountness, for this city to refuse to build that bridge. What would be thought of a merchant who might permit a cave-in of the sidewalk in front of his store to remain unrepaired for months or years? That is about the kind of business man the City of Santa Ana is in the Hannah street no-bridge matter. The City has already and for a long time flagrantly violated its obligations to its business men and to the people who live in the northwest section; and to longer continue that violation would be adding insult to injury.

The proposed new Main street bridge—if not an absolute necessity, as claimed, on account of the unsafety of the old bridge—is at least a public improvement greatly to be desired and one that would be highly profitable.

The Register is preparing an editorial article that will present all the factors of this problem of bridges, in their true proportions and relations, and will present the same tomorrow for a full and careful consideration of its readers.

ARMY WASTAGE

British casualties reported for the week ending Jan. 21 were 17,043, divided as follows: Killed or died of wounds—officers, 76; men, 2,277; wounded or missing—officers, 213; men, 14,477.

There was no battle mentioned in the week's war bulletins. There was hardly anything said about fighting of any sort save a little skirmishing to the north of Jerusalem. The public might have supposed that the British army during that period was simply resting on its arms. Yet it lost 17,000 men.

And that was a small figure for a "quiet week." The week before the casualties were about 25,000, with no engagements of special note.

It's a good indication of the wastage that goes on day after day, week after week, month after month, in this great war. The British army is the only one that gives regular and complete reports of its casualties. They run anywhere from about 15,000 a week to 30,000, sometimes mounting well above the latter figure when there has been sharp fighting somewhere. The total casualties for the past year have been about 1,000,000.

Nearly all of this daily wastage is the result of "attrition," the military strength ground off the British army by steady and unobtrusive rubbing against the enemy. A man hit here and there in the firing trench by a rifle bullet, a handful cut down by machine guns in an isolated dash, a dozen killed or captured on a raiding expedition, sporadic losses due to shells falling back of the lines, these and other incidental and accidental losses make up the impressive total.

The same thing must be happening to the French army and the Italian army, continuously and everywhere. There is no stretch of line devoid of losses.

And the German army, too. There lies the real moral of these laconic reports. It is inconceivable that the Germans on the British front get off any more easily than the British. While the Boches are bagging a million Tommies, the Tommies must be bagging a million Boches. Probably more, because the British have for some time been superior in numbers, morale and fighting equipment.

Likewise the Germans have been steadily losing men to the French, to the Italians, to the Belgians, and until recently, to the Russians.

It is little wonder that German public sentiment is described as desperate. All the evidence at hand tends to show that Germany is far more nearly "bled white" than any of her major foes. She may yet be capable of a tremendous blow or two, but only at the expense of mustering all her remaining strength and using up all

Bud Flivver's Observations

*** Catherine Lee Dodo—Is still at our house—And she and our—Airedale pup—Are getting along fine—With their vocal lessons—

*** And Catherine's notes—Are getting stronger—And the pup—Is developing—A tremolo—in his voice—

*** The only difference—I can see—is that the pup—Sings only in one tone—And can hold it—Longer than Catherine—

*** And he don't—Want to stop—When the practice period—is over—And he sits there—By the piano—And howls—For half an hour—

*** And Catherine—Is a bright girl—In her simple way—And means better—Than she does—

*** And the teacher—Told her—She must learn—To roll her r's—So that her singing—Would sound classical—And professional—

*** And I heard—The teacher tell her—And I knew—Right away—That we would soon—Hear some awful thrilling—

*** And yesterday—When I came home—For dinner—Catherine and the pup—Weren't practicing—

*** And Catherine—Was lying on her back—On the sofa—With a looking glass—In her hand—

*** And she was—Looking in the glass—And making faces—And moving her eyes—In a wild—And mysterious way—

*** And I went—To the kitchen—And asked Mrs. Flivver—Was Catherine sick—Or just out of—Her head—

*** And she said—"Oh, I guess—Catherine isn't any crazier—Than common—What made you think—She is sick?"—

*** And I took her—To the living room—And showed her—And Catherine—Was still there—Rolling her eyes—In every direction—

*** And I asked her—What was she—Doing that for—And she said—The teacher told her—To learn to roll her eyes—

*** And I told her—She misunderstood—The instructions—That the teacher—Told her to learn—To roll r's—So she could thrill and ripple—When she sang—

*** And she said—That would be easier—Because it made her tired—And dizzy—To roll her eyes—

*** And I told her—It made me dizzy too—And I was just wondering—Why it is—People will spend money—On such a kid—By Bud.

her possible reserves. By attrition alone, of the sort represented by these British figures, the Allies can win as surely as the seasons revolve, if they keep strong hearts and apply the pressure relentlessly.

Germany may break sooner than any of us think. And if we do not want to await that slow, systematic pining of her strength to the collapsing point, a day will surely come, and that not long distant, when a great allied blow with the United States bearing a big and honorable part, will bring the Teuton giant to his knees.

STATE MARRIAGES ON INCREASE, STATEMENT

SACRAMENTO, Jan. 30.—California marriage rate for 1917 was 11.9 per 1,000 population as against 11.5 for 1916 for 1916, an increase of 1.4, according to figures compiled by George D. Leslie, state registrar, and announced today.

The total number of marriages in the state was 36,283, a gain of 5,287, or 17.1 per cent over 1916 figures. This was the highest increase in the past 12 years and the 1917 record follows decreases in 1915 and 1916.

The 36,287 marriages in 1917 represent a daily average of 94, or nearly four each hour or about one every 15 minutes.

U. OF C. CADETS WEAR OLIVE DRAB NEXT AUG.

BERKELEY, Cal., Jan. 30.—University of California cadets expect to appear next August in the olive drab uniform of the regular army. The cadet organization, in which every student is automatically enrolled for drill, is a part of the reserve officers organization of the country and as such the war department recently ordered that olive drab should replace the gray uniform now in use. It was found by university authorities, however, that immediate compliance with the order would work a hardship on many students and through Major-General A. S. Murray of the western army department, hope to have it postponed.

POPULAR SENATOR OF NEW JERSEY IS DEAD

TRENTON, N. J., Jan. 30.—United States Senator William Hughes, senior senator from New Jersey, died in Mercy Hospital here today, following a long illness.

Senator Hughes had served in the House of Representatives and the Senate for more than twelve years. He was one of the so-called "labor group," being himself a union card man, through his former employment as a weaver. He has always been a staunch democrat and was one of the most popular men in Congress with his colleagues of both parties.

Hughes served in the Spanish-American war as a member of the second New Jersey volunteers.

RIVERSIDE'S NEW LAW BANS HOTEL'S BOOZE

RIVERSIDE, Jan. 30.—Riverside is absolutely "bone dry" by virtue of the action of the city council yesterday in refusing to reissue permits to hotels to serve liquor with meals.

The only way booze can be obtained is by prescription on drug stores under state license. The council refused by unanimous vote to reissue table licenses, despite the plea of the hotel men for time to adjust themselves to the new order of things.

Councilman C. F. Bohrer, who opposed Rev. Horace Porter in the recent mayoralty election, to make the "bone dry" law effective April 1, but failed. City Attorney Estudillo was asked how far the city can go in curbing the liquor business done by drug stores.

UNEARTH LIST PRO-GERMANS IN S. F. BY ARREST OF BANKER

SAN FRANCISCO, Jan. 30.—Search of the home of George Boden, former manager of the foreign department of a San Francisco bank, not only revealed evidence which resulted in the arrest of Boden as a dangerous alien enemy but furnished the authorities with lists of Germans and pro-Germans in the San Francisco bay region and information as to their activities.

This became known today while Boden was being held in jail pending indictment. The Boden home in Berkeley was raided two months ago after suspicion had been aroused by Boden's associations with a party of German diplomats returning home from China.

Boden, the government charges, was fiscal agent for the German government here and for many months received a salary of \$500 monthly from the German Imperial bank in addition to \$350 monthly from the San Francisco bank for which he worked. It is claimed he financed German spies, furnished means for Germans to subscribe to German war loans and himself furnished Wilhelmstrasse with valuable military information. He came here from New York after having been ordered out of Japan in 1915.

FRANK P. WOOD CHOSEN G. O. P. CAMPAIGN HEAD

WASHINGTON, Jan. 30.—Frank P. Woods of Iowa, was elected Monday at the Republican House caucus, chairman of the Republican congressional campaign committee. The vote was unanimous.

Other officers elected were Julius Kahn, California, first vice-president; William R. Wood, Indiana, second vice president; Edward H. Watson, New Hampshire, and ex-Senator Nathan B. Scott, West Virginia, treasurer. The committee on by-laws to report next Friday consists of Representative Frank W. Mondell of Wyoming, Senator Howard Sutherland of West Virginia and George S. Graham of Pennsylvania; Miss Jeannette Rankin of Montana, officiated at the meeting as temporary secretary.

DENOUNCES SENDING CONVICTS INTO ARMY

CAMP LEWIS, American Lake, Jan. 30.—Brigadier General Frederick S. Polt yesterday denounced as "enemies of the army" judge and peace officers who suspend sentence of malefactors that they may enter the army. The practice is prevalent in many localities on the Pacific coast, according to Assistant Judge Advocate Major Eugene West, and the Government has been put to great inconvenience and expense in ridding the service of these unwelcome soldiers.

"The army is not a reform school or a penal institution," said General Polt. "We do not desire and will not tolerate soldiers convicted in civil life of crimes or misdemeanors, and I shall take personal action against judges who persist in the practice of suspending sentence to permit prisoners to enter the service in this division."

VILLA AGAIN ON TEAR KILLS MORE THAN 110

JUAREZ, Mexico, Jan. 30.—More than 110 soldiers and passengers were killed by Villa's followers Saturday, twenty-five miles south of Santa Rosalia, when the Villa troops dynamited a work train going to Relano to repair the railroad line and remove the debris of the passenger train which was robbed and burned there Wednesday last night from the south by a number of reliable persons and was not denied by the authorities.

Francisco Villa led the attack on the work train in person, according to the report, with Martin Lopez second in command.

to be reached today. Waves of water and ice are running down the Ohio river as a result of the break in the ice gorge in the upper Ohio valley and are expected to hit here today. River men have steam up on river craft and are preparing to battle the enormous weight of ice. Many bridges in the path of the raging stream were swept away.

MANY VESSELS SWEEP DOWN RIVER

EVANSVILLE, Ind., Jan. 30.—River vessels worth more than a million dollars have been swept by the city—a total loss—in the rush of water and ice following the breaking of ice gorges along the Ohio river. The largest part of this loss was at Paducah, Ky. Among those lost were the Spread Eagle and Grey Eagle of the St. Louis Packet line—the largest on the river. Vessels worth millions of dollars are anchored in the mouth of Green River and should the ice gorge at Rochester, Ky., break, they would be lost. The river is rising and river men fear that the ice will break before nightfall. Vessels worth \$80,000 are anchored in the local harbor but they are in no present danger.

HORTICULTURISTS MAY APPOINT THEIR INSPECTORS, RULING

SACRAMENTO, Jan. 30.—County supervisors cannot control the appointment of inspectors by county horticultural commissioners, nor is the payment of the inspector's salaries dependent upon the will of the board, is the ruling of Attorney-General Webb in an opinion to George H. Hecke, state horticultural commissioner.

Hecke asked Webb for the opinion to justify the action of S. V. Christerson, county horticultural commissioner of San Luis Obispo county, who appointed horticultural inspectors without the approval of the supervisors.

A WORTH WHILE EVENING

Delta Alpha Class, First M. E. Church, Entertained Last Night By Popular Teacher

There was genuine rejoicing among the Delta Alpha class of the First M. E. church when its popular teacher, Mrs. Allie Fitz of North Ross street, kindly opened her home to the class. This was the first "really truly" social the girls have enjoyed for some months, being quite too busy with Red Cross work, but this was in no wise neglected last evening as knitting needles clicked merrily all evening, while Misses French and Fitz favored with delightful piano selections.

An interesting letter was also read from Richard Ortiz, whom the class is educating at the Gardena Industrial School.

Later on a business session was held, Mrs. Bortha Murphy presiding, prayer being led by Mrs. Fitz.

The following officers were elected: President, Mrs. Bortha Murphy; vice president, Mrs. Hamilton; secretary, Edna Knoll; treasurer, Olive Briney; librarian, Lena Confer; reporter and historian, Etta Hale.

Officers and committees are taking up their work with enthusiasm and the year promises to be a year of work and unabating effort to build up the class to double its present membership.

The service of delectable refreshments closed a worth-while evening.

Benefit at High School Gives Support to Four Orphans For a Year

After a benefit performance, those attending are always interested in knowing how much money was realized. The students of the Junior College and High School take pleasure in announcing that there was cleared \$150, a sum sufficient to enable them to adopt four orphans for one year. In gratitude for their kindly co-operation the students will adopt one orphan in honor of Mr. Phillips' dramatic department, one in honor of Miss Ely's music department, and one in honor of Miss Lella Watson, teacher of French, who is not only "guide, philosopher and friend" but the inspirer in this good work. The fourth orphan will be adopted by the French classes.

To Mrs. Holmes Bishop, Miss Lalla Fagge, C. A. Gustlin and Earl Fraser the students wish to express publicly their sincere gratitude for the ready willingness with which these artists gave their services. To the Shafers Music Company for the use of the splendid Starr piano, the students extend their thanks, also to the Santa Ana Register and Santa Ana Blade for publicity, the Worden Printing Company for printing and Sam Stein for paper bags and loan of French flags.

MUSIC CLUB MEETS

Interesting Program Is Rendered Monday; Excellent Papers By Members

A very interesting, profitable and well prepared program was rendered on Monday evening at the Congressional church, when the Santa Ana Music Association held its regular meeting.

Prof. F. J. Haynes, the president of the association, opened the program with a talk on "The Early Progress of Choir and Church Work."

Mrs. F. W. Slabaugh's subject was "The Musical Education of Children" and Miss Correll, who is doing such splendid work at Washington school, gave a talk on music in the public schools and illustrated it by introducing her boys' glee club, which sang three numbers, receiving enthusiastic applause.

Miss Murray of the Orange high school discussed methods of teaching modern music in the high schools and Mrs. Alva J. Padgham spoke of the Woman's Club as a factor in musical progress.

The company was delighted to welcome Mrs. Lord, a former soloist at the First Baptist church, who sang a beautiful aria from Eljah, closing the program, which was followed by a short business meeting.

What to Do When Backache Comes On

"Foley Kidney Pills have done me more good than \$100.00 worth of other medicine," Class N. Fox, Himrod, N. Y.

When backache comes on and it seems as if you can't stand the pain and pressure across the small of your back, hurry to your drugist and get relief through a box of Foley Kidney Pills. They will stop the cause of that pain very quickly, spur the sluggish kidneys to regular action, enable them to throw the poisons out of the blood. They will get rid of pain and rheumatism for you, quiet your nerves, stop your backache, and limber up your stiff joints and sore muscles.

Frank W. Sherman, Laconia, N. Y., writes: "I suffered with kidney trouble, had a tired feeling in my back, did not have any ambition and felt all tired out. I used Foley Kidney Pills and in a few days began to feel better, and now I have entirely recovered."

'T. N. T.' NOTE WRITER

SAN FRANCISCO, Jan. 30.—While Miss Theodora Pollack stoutly denied any connection with the San Francisco preparedness parade outrage, federal officials continued their investigation today to decide whether she was author of the warning notes which preceded the bomb explosion.

Miss Pollack declared she was too busy with labor matters to write notes and scoffed at the idea that she was the writer of either the preparedness parade warnings or the recent "T. N. T." letters.

District Attorney C. M. Fickert declared in discussing Miss Pollack's case, that she had been Thomas Mooney's secretary prior to the preparedness parade bomb explosion.

RELIGION, SUPERSTITION

Subject of Good Paper at Woman's Club Yesterday, Members Tell Fads

The Woman's Club held a meeting of unusual interest Tuesday afternoon at the home of the vice-president, Mrs. R. Ruth Tiffany, 1316 Spurgeon street. "America" was sung by all present at the opening of the meeting.

Mrs. Mary Hutchins presented a paper on the subject of "Religion and Superstition in Early New England," and handled her subject in a way that was inspiring to her audience.

It would seem that in those olden days, there was more superstition than religion, and judging from the responses of the members as to their favorite superstition, there seems to be quite a bit of the old-time ideas still extant.

The club accepted with thanks the kind invitation of Mrs. C. F. Crose to hold the birthday anniversary meeting, February 5, at her home, 301 Cypress avenue, with a luncheon at 1 o'clock.

The refreshment committee has charge of the arrangements, with Mrs. J. E. Livesey chairman.

A PICTURE SWINDLER
BECOMING ALARMED
ABANDONS HIS OUTFIT

Yesterday there was a man who did not wait to shake the dust of Delhi from his shoes. Just then Delhi did not look good to him. He went so fast that he failed to take with him an outfit that he has been using to make his living.

His outfit consisted of a flat leather case, on the outside of which appears the initials, "C. L. S.," two beautifully enlarged photographs behind bevelled glass, one a picture of a beautiful girl and the other of a picturesque old man, and a dozen or more photographs of people who are supposed to have given him orders.

He appeared at a house at Delhi near the poolroom. He was taking orders, with \$3 cash down and \$7 when the picture was made and delivered.

It just so happened that a Los Angeles woman was visiting at the place. She had given this same man \$3 in Los Angeles for a picture to be delivered before Christmas last. She got no picture. A Los Angeles detective, also a victim, investigated and found there was no such a firm as the one the solicitor said he represented. This detective got out a warrant.

The Los Angeles woman warned her daughter, who was about to turn over \$3. The man heard the warning. He left everything behind him and fled out the door. Later Deputy Sheriff Maxwell was informed, but it was then too late to find the man, who had wasted no time getting out of Delhi.

MISS DOLLY DIMPLES

CAST COMPLETE; FINE ENTERTAINMENT SURE

Miss Miller, In Charge of the Work, Enthusiastic Over Interest of Players

Miss Miller is greatly enthused over the prospects of the Elks' big war benefit play, "Miss Dolly Dimples," a three-act musical comedy, which will be shown on February 7 and 8 at the Grand Opera House.

"I never saw young people so anxious and willing to give their time and talent to a home talent play," Miss Miller expressed the opinion. "It is really a pleasure to work with such a willing crowd of young ladies and young men, and I can safely promise one of the best home talent productions ever witnessed in Santa Ana."

The personnel of the cast has been selected and all have their parts, and rehearsals are being conducted every day from 3 o'clock until 10 o'clock. The choruses are practicing and the indications are that the Elks will produce the most successful show of its theatrical career this year. Every one has gone into the proposition with a push and vim equalled by nothing that has ever been attempted in a home talent play before.

The Elks have established a reputation in Santa Ana of always having something worth while and have won the public's confidence. They mean to increase their reputation this year by giving something better than ever before; besides, it is for a splendid cause, their war fund to be used in the best possible way.

MINISTERS SELECT OFFICERS FOR YEAR

Election of officers occupied the business session of the Santa Ana Ministerial Association at its meeting yesterday in the United Presbyterian church.

Rev. A. T. O'Rear, pastor of Spurgeon Memorial church, was selected as president of the organization for the coming term and Dr. Frederick G. Davies of the First Baptist church was chosen secretary and treasurer.

Following the election routine business was carried out, and follow-up work in the recent evangelistic campaign was planned.

A Whole Dinner In One Dish

The youngsters will like it.

Father will like it.

You will like it.

Your pocketbook will surely like it.

Your bodies can't help liking it.

"Uncle Sam" is bound to like it

Everybody Will Like the One-dish Dinner . Why?

A dish hot and savory—good for work or play—that is why the father and the children will like it.

Easy to cook and serve—that is one reason why you will like it. Only one dish to cook, few plates to wash, steps saved.

Good, nourishing food—you can feel sure that you are feeding your family right if you give them this dinner. It contains all their bodies need to help them work and grow strong.

This dinner helps you do your part for our country. You can save wheat and meat to ship abroad. Our soldiers and the Allies need them more than we do.

Try These One Dish Dinners

EACH ENOUGH FOR A FAMILY OF FIVE

FISH CHOWDER

Rabbit, fowl, or any meat may be used instead of the fish, or tomatoes instead of milk. Carrots may be omitted.

- | | |
|---|-------------------------------|
| 1½ pounds fish (fresh, salt, or canned). | 2 cups carrots cut in pieces. |
| 9 potatoes, peeled and cut in small pieces. | ¾ pound salt pork. |
| 1 onion, sliced. | 3 cups milk. |
| | Pepper. |
| | 3 tablespoons flour. |

Cut pork in small pieces and fry with the chopped onion for five minutes. Put pork, onions, carrots, and potatoes in kettle and cover with boiling water. Cook until vegetables are tender. Mix three tablespoons of flour with one-half cup of the cold milk and stir in the liquid in the pot to thicken. Add the rest of the milk and the fish, which has been removed from the bone and cut in small pieces. Cook until the fish is tender, about 10 minutes. Serve hot. You can omit salt pork and use a tablespoon of other fat.

DRIED PEAS WITH RICE AND TOMATOES

- | | |
|--------------------|----------------------------------|
| 1½ cups rice. | 1 tablespoon salt. |
| 2 cups dried peas. | ¼ teaspoon pepper. |
| 6 onions. | 2 cups tomato (fresh or canned). |

Soak peas over night in two quarts of water. Cook until tender in water in which they soaked. Add rice, onions, tomato, and seasonings and cook 20 minutes.

POTTED HOMINY AND BEEF

Hominy is excellent to use as part of a one-dish dinner, if you have a fire in your stove so that you can cook it for a long time, or use a fireless cooker. Heat 1½ quarts of water to boiling; add 1 teaspoon of salt and 2 cups of hominy which has been soaked over night. Cook in a double boiler for four hours or in the fireless cooker overnight. This makes 5 cups. This recipe may be increased and enough cooked in different ways for several meals. Hominy is excellent combined with dried, canned, or fresh fish, or meat and vegetable left-overs may be used. Here is one combination.

- | | |
|-----------------------|----------------------|
| 5 cups cooked hominy. | ¼ pound dried beef. |
| 4 potatoes. | 2 cups milk. |
| 2 cups carrots. | 2 tablespoons fat. |
| 1 teaspoon salt. | 2 tablespoons flour. |

Melt the fat, stir in the flour, add the cold milk, and mix well. Cook until it thickens. Cut the potatoes and carrots in dice, mix all the materials in a baking dish, and bake for one hour.

These dishes supply all five kinds of food. Each is enough for the whole dinner for a family of five. Eat them with bread and with fruit or jam for dessert. Then you will have all the five kinds of food your body needs.

What General Pershing Says

"This war is being fought by women. It is women who suffer and lend courage to us. Women are the ones who will deserve honor for their aid in establishing democracy."

Thus it becomes the supreme duty and opportunity of the woman in the home to save food.

A MESSAGE FROM "OVER THERE" LEST WE FORGET TO DO OUR PART

They say, who have come back from Over There.

That at night the troubled earth between the lines is carpeted with pain. They say that Death rides whistling in every wind, and that the very mist is charged with awful torment.

They say that of all things spent and squandered there, young human life is held least dear.

It is not the pleasantest prospect for those of us who yet can feel upon

our lips the pressure of our mothers' good-by kiss.

But, please God, our love of life is not so prized as love of right. In this renaissance of our country's valor, we who will edge the wedge of her assault make calm acceptance of its hazard.

For us the steel-swept trench, the stiffening cold—weariness, hardship, worse. For you for whom we go, you millions safe home—what for you?

We shall need food. We shall need

care. We shall need clothes for our bodies and weapons for our hands. We shall need terribly and without failure supplies and equipment in a stream that is constant and never ending.

From you who are our resource and reliance, who are the heart and hope of that humanity for which we smite and strive, must come these things.

(Signed) CITIZEN SOLDIER No. 258, 4th District, National Draft Army.

EAT POTATOES and SAVE WHEAT

The Potato Situation

The American potato bin is filled and overflowing. Our spud supply has never been so large. But the cook isn't using the potatoes. A full potato bin is a mighty fine thing—if the potatoes are put to their proper use; that is, eaten. But there is occasion for some anxiety over the slowness of the cook. The full bin will be of no benefit if the potatoes remain in the bin. They must get to the kitchen and to the table and be eaten. Otherwise the bin might as well be empty.

The big potato crop has not been moving into consumption this winter. The bulk of the supply is in storage, and is being marketed very slowly. This is an abnormal condition, and a very serious one—because it has a direct bearing upon the most serious question in the world—the question of winning the war.

If the potato bin is emptied during this winter and next spring it will mean that by eating more potatoes we eat less bread and therefore have more wheat to send to the soldiers who are fighting for our freedom. It will also mean that the bin will have room to receive the new potato crop next fall. But if we fail to empty it this winter—that is, if we do not, at once, commence to eat more potatoes than we have been eating, and commence to market the potatoes that we have been hoarding—the market may be glutted when the new crop comes next summer. If this happens, there will be more potatoes than the bin will hold and some of the supply will go to waste. In turn, this would discourage producers and possibly prevent the planting of a liberal acreage, resulting in a shortened potato supply a year from now, at a time when food needs will be even more urgent than they are now.

What can you do about it?

You can help empty the bin. You can eat more spuds and less bread. Unless you do eat more potatoes than you have been eating the bin will not be emptied.

MARKET STEADILY

If you are a farmer or a middleman now holding potatoes in storage you can market them, get them to moving, get them out of the bin and into the kitchen. Responding to this appeal will not mean the sacrifice of your personal interests. All you are asked to do is to market your potato holdings gradually, steadily during the winter and spring, so the present surplus will have been eaten before the new crop begins to move about the middle of next June.

Your present loss—if you are holding potatoes—is not in commencing to market now and continuing to sell slowly. It is in failing to do this that you stand to lose. For if the bin is not emptied by spring you may find a glutted market when you do try to sell. If when the new crop is in sight, there remains a heavy hang-over of the old crop, and if there is a scramble of the holders to unload all at once—there can be only one effect on prices.

So, commence to sell your holdings now, Mr. Holder.

And commence to eat more potatoes now, Mr. Consumer.

And prepare to plant another big potato crop next year, Mr. Farmer.

But the latter gentleman can not reasonably be expected to heed the request if he sees the present potato supply go to waste. So the situation really hinges upon two factors, the consumer and the holder—some farmers, of course, being included in the last category. If they will carry out their part of the potato program it will mean that we will have more food for the armies. It will mean another big potato planting next year.

This year's crop is 442,536,000 bushels, according to the latest figures of the Bureau of Crop Estimates of the United States Department of Agriculture—the largest potato crop this country has ever produced. Last year the potato production was only 286,953,000 bushels, so we have this winter 155,583,000 more bushels in the potato bin than we had last winter.

GOOD ONLY TO EAT

What is the value of these potatoes—not in dollars and cents, but in the terms of the only real value anything possesses these days—its potency in helping win the war? We can't put these potatoes in cannon and shoot them at the Prussians. We can't send them to France.

They have no war value unless you will eat them and unless you will sell them. They are a liability rather than an asset if they remain in the bin. They will help us lose the war instead of helping us win the war—unless, RIGHT NOW those who are holding potatoes commence to market them, and everyone commences to eat more potatoes and less bread.

Even aside from war considerations, potato growers and others now holding potatoes should remember and profit by their experience with the 1914 crop. That crop was held during the winter and moved slowly into consumption, quite as the present crop is being marketed very slowly. As a result, in the spring of 1915, with a new crop in sight, everyone who was holding tried to unload at once. Each man realized that he had held too long. But the realization came too late. The scramble glutted the market. Quantities of potatoes were absolutely wasted and there were many sales to starch factories at 25 and 30 cents a barrel—not bushel.

This was an economic loss, as is any waste of foodstuff at any time—but it didn't imperil the future of the United States of America. To waste foodstuff now does endanger the very existence of our country. To waste food now is to invite to our homes the hideousness that came to Belgium. That is what we are doing if we waste the enormous potato crop now in the American bin.

Choose Your Food Wisely

STUDY THESE FIVE FOOD GROUPS

Every food you eat may be put into one of these groups. Each group serves a special purpose in nourishing your body. You should choose some food from each group daily.

1. VEGETABLES AND FRUITS.
2. MILK, EGGS, FISH, MEAT, CHEESE, BEANS, PEAS, PEANUTS.
3. CEREALS — CORN MEAL, OATMEAL, RICE, BREAD, ETC.
4. SUGAR, SYRUPS, JELLY, HONEY, ETC.
5. FATS — BUTTER, MARGARINE, COTTONSEED OIL, OLIVE OIL, DRIPPINGS, SUET.

You can exchange one food for another in the same group. For example, oatmeal may be used instead of wheat, and eggs, or sometimes beans, instead of meat; but oatmeal can not be used instead of milk. Use both oatmeal and milk.

YOU NEED SOME FOOD FROM EACH GROUP EVERY DAY—DON'T SKIP ANY

Here Are the Reasons Why You Need the Five Groups

Fruits and vegetables furnish some of the material from which the body is made and keep its many parts working smoothly. They help prevent constipation which gives you headaches and make you stupid. The kinds you choose depend upon the season, but remember that the cheaper ones are often as valuable as the more expensive.

Milk, eggs, fish, meat, peas, beans.—These help build up the growing body and renew used-up parts. That is their main business. Dried peas and beans make good dishes to use in place of meat part of the time, but don't leave out the other foods entirely. Milk is the most important. Buy at least a pint a day for every member of your family. No other food can take its place for children. Save on meat if you must, but don't skimp on milk.

Cereals.—Bread and breakfast foods. These foods act as fuel and let you do your work, much as the gasoline burning in an automobile engine makes the car go. This you can think of as their chief business. And they are usually your cheapest fuel. Besides they give your body some building material.

Don't think that wheat bread is the only kind of cereal food. The Government asks us to save wheat to send abroad to our soldiers and the allies. Let the North try the Southern corn bread and the South the oatmeal of the North. Half the fun of cooking is in trying new things. An oatmeal pudding is delicious.

Sugar and Syrups are fuel, too, and they give flavor to other foods. They are valuable food, but many people eat more of them than they need. Sweet fruits, of course, contain much sugar and are better for children than candy.

Fat is fuel—Some is needed especially by hard-working people. Remember that expensive fats are no better than cheap ones. Use drippings. Don't let your butcher keep the trimmings from your meat. They belong to you. Children need some butter fat. Give it to them in plenty of whole milk or in butter.

Remember the Five Groups

What William Jennings Bryan Says

Because American citizenship carries with it more blessings than citizenship in any other land, the American citizen should be willing to sacrifice more than any other citizen to make sure that the blessing of his government shall descend unimpaired to his children and his children's children.

HENRY BELL, BOY FORGER, IS IN DETENTION HOME

Youth Returns Home For His Clothes and Is Caught By Orange Marshal

ORANGE, Jan. 30.—Henry Bell, youthful forger, who passed a bad check at the Elhen and Grote store Saturday evening, was nabbed by City Marshal Warner yesterday morning at West Orange as the lad was making away on a bicycle.

Since passing the check young Bell has been in Los Angeles, Imperial Valley and San Diego. He returned Monday night to get some clothing and to go to the law's clutches. Hiding in a barn Monday night while waiting for a chance to enter the house when no one was at home, the boy took advantage of the opportunity yesterday morning. He was observed, however, and the police were notified.

Warner straddled his motorcycle and journeyed to the Bell home on South Shaffer. The boy had departed, taking a course east on Laveta avenue. Warner was told. He took up the pursuit. As he turned south on Main street, at Laveta he noticed a boy on a bicycle, with a bundle, farther west on Laveta, so he changed his course and overtook the boy, who proved to be young Bell. The latter is now in the detention home in Santa Ana.

SINK 69 SHIPS OF U. S. FIRST YEAR OF WAR

NEW YORK, Jan. 30.—In the twelve months of unrestricted warfare launched against American and allied shipping by Germany one year ago Friday, there have been sunk by submarines, mines and raiders, sixty-nine American vessels totaling 711,061 gross tons, according to a carefully compiled report of records of sinkings which have been made public during the period.

Offsetting this loss of American vessels, most of them sailing ships, the United States since February 1 has added to her merchant marine by the seizure of former German and Austrian-owned ships a total of 107 vessels, having a gross tonnage of 686,494, leaving on the credit side of the American ledger in the account with the central powers a net gain of 515,433 gross tons. The loss of life caused by the sinking of the sixty-nine American ships was more than 300 persons.

Percentage of Losses Small
The percentage of sinkings of American ships compared with the number of vessels which have sailed through the war zone successfully is small. Records of the Department of Commerce show that for the period beginning with February 1, 1917, and ending with December 1, there were cleared from American ports in the foreign trade ships aggregating 17,738,900 net, or approximately 24,834,460 gross tons. The number of ships making up the total of tons was not made public.

'ONLY CARTOONIST' SAYS LANDLADY OF ALTON PACKARD

Touring about on the lyceum circuit, Alton Packard, the cartoonist and humorist, who appears tonight at the Grand Opera House, says he was stopping at a small country hotel kept by a widow lady and her daughter. As the local hotel was full the landlady decided to have her daughter give up her room and it was assigned to the cartoonist, who straightway took possession and stretched out on the bed for an after-dinner nap. The daughter, unwise to the situation, walked into the room, stifled a scream and called over the banister, "Ma, there's a man in my room!" Faintly the cartoonist caught the words of the reply from below. "No, dear, it is only that cartoonist," Packard says he turned over on the ear that he hears with, then.

PETITIONS READY FOR MILITIA COMPANY

FULLERTON, Jan. 30.—Fullerton may organize a company of the National Guard of California.

At the last meeting of the Home Guard company the captain, Dr. E. W. Hauck, laid before the members the letter he had received from Adjutant General Borree concerning the organization of a National Guard company. The doctor had the petitions praying for the formation of a company with him, but he did not urge any one to sign.

The members of the company discussed the matter quite fully, but did not come to a definite conclusion of what is best to be done.

Seven petitions have been prepared for circulation and they are in the hands of Robert Strain, G. Hoppe, City Clerk, Hemminger, E. S. Gregory, president of the Board of Trade, E. J. Fuller of Fuller's department store, and City Trustee Perry Woodward and Dr. Hauck.

LOS ANGELES PRODUCE MARKET
Green vegetables continue to bring high prices in this city and every change that has been made in quotations in the week has been on an upward scale. Tomatoes in particular have registered sharp gains and the demand for this variety from outside points has been growing steadily heavier. Wax beans are no longer to be obtained and limas and Kentucky Wonders have been advanced 1 cent a pound. Peas are also difficult to secure and cabbage has almost doubled in value during the past month.

The only change in prices at yesterday afternoon's session of the Produce Exchange was a decline of 1 cent a dozen in case count eggs.

IN THE JUSTICE COURT

SAY MALT TONIC IS BOOZE. MAN AT LAGUNA IS ARRESTED

Chemist Reports Stuff Is Three and a Half Per Cent Alcohol

Classing malt tonic as an alcoholic liquor, county authorities have commenced the prosecution of P. F. Warren, a druggist of Laguna Beach, on two charges, one a charge of selling alcoholic liquor and the other a charge of keeping a place where alcoholic liquors are sold.

Warren says that nearly all druggists sell some brand of malt tonic, and that the sale of the tonic is not regarded as an infraction of the dry laws. The question of Warren's guilt is likely to be left to a jury in the superior court.

The basis of the charges against the Laguna Beach druggist is that Malt's tonic, which he is alleged to have sold, has more than 1 per cent alcohol. Warren is being prosecuted under the Wyllie local option act, which defines alcoholic liquors as follows: "The term alcoholic liquors as used in this act shall include spirituous, vinous and malt liquors, and any other liquor or mixture of liquors which contains 1 per cent, by volume, or more, of alcohol, and which is not so mixed with other drugs as to prevent its use as a beverage."

Laguna Beach lies in the fifth supervisory district, which some years ago was voted as no-license territory under the Wyllie local option act. An infraction of the Wyllie local option law is classed as a high misdemeanor, for which there shall be a preliminary hearing held in the justice's court and the trial shall be held in the superior court.

The labels on the bottles of tonic that will be used as evidence are marked "Less than five per cent alcohol." A chemist employed by the district attorney's office has tested the tonic and has reported that it has three and a half per cent alcohol. The label also alleges that the tonic is brewed from malt, cereals and honey. The Malt Brewing Company of Los Angeles puts out the tonic that is involved in the Warren cases. Warren was arrested yesterday by Sheriff Jackson. He gave \$100 bail for appearance at his preliminary at 11 a. m., February 21.

ANAHEIM ICE PLANT BURNS; NO INSURANCE

ANAHEIM, Jan. 30.—Monday night about 12 o'clock the Anaheim Ice Company's plant was burned to the ground. The fire had gained some headway before the alarm was turned in and the fire department had a hard time to make much progress in controlling the fire as it was burning fiercely before it got on the grounds. Live wires that had fallen kept the crowd back from the flames.

The plant was owned by Mrs. Laura Reish and had been doing a fine business. It had been enlarged and further improvements were planned for the near future. The loss will be \$2000 or \$3000 and it is understood that there was no insurance.

MOVIE MAN OVER WITH \$1000 IN REAL MONEY AS FORFEIT

Arbuckle's Manager Meets With C. of C. Directors This Afternoon

Money talks—and Fatty Arbuckle today sent to Santa Ana \$1000 in real currency—not stage money—to deposit with the Santa Ana Chamber of Commerce to be forfeited to H. M. Horkheimer of Long Beach if he could show a single lease bidding Arbuckle to remain in the studio at Long Beach.

Lou Anger, business manager, and P. H. Conlon, publicity man for Arbuckle, were here this afternoon to meet with the directors of the Chamber of Commerce for a conference on the proposition of building a studio here for Arbuckle and his company.

Anger brought with him a rough sketch on a five-acre tract the company will need. The matter was referred to the manufacturing committee of the chamber, and estimates of the cost of the improvements will be secured by the committee.

Anger presented a statement showing that the company had spent \$145,000 from the time of its organization, March 5, to September 5, 1917, in the production of Arbuckle comedies.

"We will spend not less than \$300,000 a year," said Anger this afternoon, "and if this community wants to provide us with a studio, Arbuckle stands ready to sign an agreement that he will stay here for a period of five years."

"It will cost the company at least \$25,000 to provide itself with equipment necessary for producing. And you may take it from me, that if Fatty Arbuckle comes to Santa Ana it will not be long until other companies will be locating in the city."

IS CONTEMPTIBLE TO HIDE BEHIND PETTICOATS

Dr. C. D. Ball Tells of Appeal Board Experiences at Merchants Luncheon

"The most contemptible slacker we have are those men who try to hide behind petticoats."

Dr. C. D. Ball, at the Chamber of Commerce luncheon today, summed up his opinion on slackers in the remark quoted above. He dealt with all classes of slackers, reciting concrete examples of efforts to avoid military duty by deceiving the exemption boards. He outlined the various steps in organization of the appeal board and the problems that confronted it at the start and how the problems were solved, until today the board for this district is one of the most efficient in the state. It is the largest district in the state, San Francisco being second. There have been 541 appeals in Orange county and the board now has 2790 appeal cases before it.

"The board was appointed to raise an army, not to exempt an army," said Dr. Ball. "A man who appeals from the action of his local exemption board must prove to us that his line of activity is a direct war necessity. Of all the slackers, the most contemptible are those men who try to hide behind petticoats. It is astonishing the number of men who have married since May 18, 1917, for the purpose of getting exemption. When they appear before us on their appeal on dependency, many of them say that they have been in love for ten years. Still more astonishing is the fact that ministers attempt to aid this class of appellants by making affidavits bearing on the appeal. Richard Melrose, of No. 2 District Board, recently said to me that the amount of perjury in connection with attempts to evade the draft has been appalling."

Suddenly Engage in Farming
"Many agricultural claims have been set up by young men who have engaged in the business since the draft in order to avoid duty. It is astonishing how many have suddenly become cultivators of large tracts of land devoted to beans and other food stuffs, and it is still more astonishing how neighbors and friends of men who appeal will support them in their claims. We have received many anonymous letters pertaining to appellants. At first we paid no attention to them, but we have found them to be a valuable source of information. We now give them the greatest consideration. In my opinion many of these letters have come from members of the family of an appellant."

"In Class 1 we have only 437 men out of 2200 who have answered the questionnaires and 25 per cent of them."

Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. The E. W. Rose Co., Cleveland, O.

WITNESS RUN OVER BY CAR, PERJURY TRIAL CONTINUED

One Man Takes Out First Papers, Other Seeks His Final Papers

Because a brother of James W. Griffin was run over by a street car at San Diego a few days ago, Griffin's trial on a charge of perjury was continued today to February 21.

The talesmen were in court when Judge Thomas called the case for trial. Attorneys H. C. Head and J. C. Burke, representing Griffin, said that Griffin's brother, an important witness in the case, had been run over by a street car and had lost one leg and one foot, and could not leave the hospital to come to the trial. The attorneys said it would be unfair to Griffin to go ahead with the trial. The basis of the charge against Griffin is that in getting a marriage license he swore that a girl to whom he was married several months ago was 18 years of age when she was not.
